

VALUE FROM START TO FINISH.

## HISTORY

Interstate Steel Company (ISC) has been redefining value for over 70 years. Founded in 1946, and acquired by National Material, L.P. in 1994, ISC continues to be a leader in steel services and pre-painted steel products. Recognized for our effective Value Add/Value Engineered solutions, outstanding customer service, and quality products, ISC has earned the trust and long term relationships of many steel consuming companies - many of which have remained loyal customers for multiple decades.

ISC's goal is to find the OPTIMAL and most innovative solutions that are right for you. Our assets are in place, fully functional, and growing. ISC strives to exceed your expectations in service, quality, and most importantly: value.
